NORTHWESTERNS SUFFERED

Outside of This Group of Stocks De clines Were Very Moderate, and Money Market Did not Suffer Materially.

(B; Associated Pracs)

NEW YORK, Nov. 18.-The largest shipment of gold which ever left New York in a single day will be carried on the steamship sailing to-morrow and touching at French and German ports. touching at French and German ports. The aggregate engagements amount in round numbers to \$7,000,000, and with the exception of a small proportion for Berlin, the whole amount is destined for Paris. This constitutes a sufficiently impressive movement of specie to explain easily the hesitating tone developed in the stock market. The depressing of prices became very general at one time, but was decidedly uneven, several stocks in the list offering resistance to the decline and reflecting continued large buying and vigorous support.

The day's greatest depression came be-

reflecting continued large buying and vigorous-support.

The day's greatest depression came before the total engagements of gold had been announced, and a tendency to recover had see in and continued in face of the latter increment to the movement. The most acute depression was shown by the stocks of raliroads immediately concerned in the Northwestern Raliroad settlement, and the special cause of this was easily perceptible in the vigorous expressions of opposition on the nart of the Governor of Minnesota, who entrenched himself behind laws on the State statute books. But was given out in Wall Street, with official sanction, that these statutes had been fully considered and the opinion of leading lawyers was ob-

tained before the organization of the Northern Securities (Jompany, Outside of this special portion of the stock list, the effect of the chormous outward movement, or gold was singularly moderate. There was no new cause apparent for the movement. Foreign obligations continue to mature in very large volume, and the supply of exchange bills against commercial operations is utterly inadequate to meet the demand from this source. The only alternative is the shipment of specie. In spite of the extent of the relief to the exchange market amorded by the millions of gold exported, the effect upon exchange quotations was of the slightest and did not reduce the level below the profitable point of gold exports. It is highly probable, therefore, that additional gold will go out on Thursday. Notwithstanding the uncertainty of the extent to when this movement may go, the opinion of the money market continues very optimistic. The sub-Trensury to-day passed out for redemption of Government bonds \$2,478,688, which brings the contribution of that institution to the market since last Friday up to \$5,176,148. Great confidence is felt that Government bond redemptions will keep pace with the needs of the money market, and the wendefined report was in circulation all day, which could not be confirmed, that a block of several million dollars of Government bonds, held by a New York savings bank, will be offered for redemption this week. Whatever may be the basis for this report, the market scored a decided recovery in the last hour under the influence of a rise in the coalers.

Lake Shore sold at 340, compared with 310 on the preceding sale. The various express companies were estrong, Wellsfart, and there was a notable demand an day for the American Locomotive stocks, which lifted the common 2% and the preferred 3. Declines in the general list, which had run from 1 to 3 points at one time, were reduced by this late railly, and the market closed firm.

Railroad bonds were only moderately active and were irregular. Total sales, par value MONEY AND EXCHANGE-Money or

COTTON MARKETS.

NEW YORK, Nov. 18.—The cotton market opened at a decline of 1@2 points, and almost immediately turned firm and advanced steadily until January reached 7.57 or 11 points over the opening bid. Aside from bearish English cables, the news was decidedly bunish. The receipts were smaller than estimated, the weather South was cold, with freezing temperatures reported over important areas; spot holders refused the urgent demands of exporters, and Wall Street bulls were confident supporters of the near months. Crop estimates showed the effect of liberal pruning, and the estimates for to-Crop estimates showed the effect of liberal pruning, and the estimates for tomorrow's New Orleans and Houston receipts were far under actual receipts for the same day last year. At noon the feeling was bullish. Europe picked up scattering amounts of near positions, and Wall Street continued to buy January. But in the last hour room longs made a quick turn for profits at a time when demand was disposed to lag, with the result that prices lost most of the early advance. Nevertheless, the bears refused to join in the selling advance in Liverpool tomorrow.

Unfavorable rumors regarding the prior

Nevertheless, the bears refused to join in the selling advance in Liverpool tomorrow.

Unfavorable rumors regarding the print cloth market had 5 somewhat depressing effect. With the decline in prices business dropped off considerably. The market gave way in the last few minutes to quite general selling, the feature of which was hedging by exporters against Southern spot purchases. The close was barely steady with prices net 195 points lower.

Cotton futures opened steady at decline closed barely steady.

Opened. Closed

Spot cotton closed quiet: middling up-lands, 8c. middling gulf, 84c; sales, 448 bales. Cotton steady; middling. Sc.; net receipts, 1,290 bales; gross, 7,485 bales; sales, 448 bales; stock, 70,985 bales.

REAL ESTATE AT PRIVATE SALE.

Farms

We have three very attractive country homes which are offered as

GREAT BARGAINS

These places all contain good improvements—Dwellings, Stables and Out-Buildings-and are located respectively at six, sixteen and twenty-five miles from Richmond.

These properties can be bought at low figures, or will be exchanged for City property.

C. L. & H. L. DENOON,

821 EAST MAIN STREET-

AGAIN A FEATURE

Yesterday's Market.

The Stocks Took a Big Jump in

Because of Large Gold Exports and Report That the Governor of Minue-

sota Would Fight the Northern Pacific Deal.

The stock market yesterday showed a disposition to go higher, but bullish sentiment was more or less impaired by the heavy engagements of gold for export, amounting to something like \$7,000.00, and again by the anouncement of the Governor of Minnesota that he would do Governor of Minnesota that he would do everything in his power to prevent the consolidation of the Northern Pacific and the Great Northern Railroads, even though he should have to call the Legislature tracther in extra session. And so the market ruled weak during the greater part of the session, with the exception of a few specialities.

LOCOMOTIVE BOOMS.

One of these was American Locomotive, which seemed to have gotten up steam in good earnest, the common selling at 33 1-4, and the preferred at 91. In connection with the advance in Locomotive, the New York News printed the follow-

'Insiders are bullish on American Locomotive. The owners of one of the most important works in the combination were paid in cash for their plant, but were given the option of taking an equal amount of common and preferred at a Lugs—

Medium dark lugs. 2.80@ 5.00
Good dark leaf. 3.50@ 6.00
Medium dark leaf. 6.00@ 7.00
Good dark leaf. 7.00@ 10.00
Extra fine dark leaf. 11.50@ 12.50
Black wrappers. 15.00@ 25.90
BRIGHT TOBACCO3.

Lugs—

amount of common and preferred at a common and preferred at a common dark leaf and so in the latter. After consideration, they decided to accept this, and would have taken more at the same rate, but could not get it. They find that in the worst of times, with severe committion, they could make a profit of \$1.000 on every locomotive, and in view of the fact that the new combination started with a capacity of 1.700 location of the fact that the new combination started with a capacity of 1.700 location of the fact that the new combination started with a capacity of 1.700 location of the fact that the new combination started with a capacity of 1.700 location of the fact that the new combination started with a capacity of 1.700 location of the fact that the new combination started with a capacity of 1.700 location of the fact that the latter. After consideration, they decided to accept this, and would have taken more at the same rate. But the latter accept this, and would have taken more at the same rate. But they find that in the worst of times, with the latter accept this, and would have taken more at the same rate. But they are the control of the fact that the same rate. But they are the control of the co in view of the fact that the new combination started with a capacity of 1.70 locomotives a year, this, even at that figure, would mean \$1.700,000, which would
ray the preferred dividend. The company,
however, is full up with orders for twelve
months ahead, which show profits of
\$2.000 to \$2.500 per locomotive."
Aporther one of the specialties was Lake

Another one of the specialties was Lake Shore, which was very much in demand, at fancy prices. It is believed that this stock is being acquired by the New York Central, with a view to the much-talked-of consolidation of all the Vanderbilt in-

of consolidation of all the Vanderbilt in-terests.

GOVERNMENT TO THE RESCUE,
Later in the day it was announced that as agairst the gold engaged for shipment by to-day's steamers, the banks since last Friday have gained from the sub-treasury approximately \$5.457.891. Counting in yesterday's trans-actions, of this amout \$2.599.000 had been gained by the banks up to the close of gained by the banks up to the close of business on Saturday, and \$2.348,500 rep-resents government bonds sold vesterday to the sub-treasury. It is further said that the bond sales for the government this week will be between \$4.000,000 and

\$6,000,006.

The announcement of these large bond purchases had a stimulating effect, and the market was stronger toward the close.

J. JORDAN LEAKE.

Union Pacific and St. Paul were weak on the news that the Governor of Minnesota would "ght the Northern Pacific deal, although it is hard to see how any-thing that the Minnesota Legislature may do can unset this agreement, which has been made outside of the State of Minnesota and under a New Jersey charter. The Legislature of Minnesota may prevent the roads from consolidating, but it cannot prevent them from being operated harmoniously by an outside corporation which has acquired a controlling interest in each road.

THE NATION'S STRENGTH.

THE NATION'S STRENGTH.

As for the gold exports, a prominent financier in Richmond said yesterday that in his ointopu these shipments were being made under an agreement between large banking interests in this country. large banking interests in this country and those shread to prevent the foreigncrs from sending tack large blocks of stock which they ewned in American cor-portations. It seems to him an evidence of strength, and shows that we are simply contributing out of our abundance to help

contributing out of our abundance to help the foreigners out of their financial troubles.

This country is more prosperous than ever befere, and while some stocks are high, others are certainly low, and if our prosperity continues there must come sooner or later arother boom in the stock market. Even Russell Sage, of New York, who is very conservative, is now one of the term-st believers in higher prices. The New York Times quotes him as follows:

"I look for much higher market values in the near future for the reason that the

"I look for much higher market values in the near future for the reason that the largest interests are behind the market because they believe in it.

"The country is so wonderfully prosperous and earnings in every branch and department are so phenomeral that it is only natural that they should be reonly natural that they should be re-flected in higher prices in the Stock Ex-

"We have not discounted the greatness and the giory of this country-not by a good deal." Among the transactions recorded from New York yesterday was a sale of \$30.-600. S. A. L. 5 per cent. bonds at 101 5-8

The Produce Market

Somebody out in Chicago has chased all the eggs into a corner and is keeping them there. Those which have been around in this reighborhood are gradually getting scarcer and the price is 50-ling up and up. They sold easily vesterday in cretes for 22 cents per dozen. A lot in barrels and boxes went at 21 cents. Receipts of game are light and the demand is fine. Choice rabbits are selling at 16 to 18 cents; small ones bring 10 to 12½ cents; partridges. 12 to 15 cents; pheasants. 4 to 50 cents per pound; saddles, 15 to 16 cents per pound; saddles, 15 to 16 cents per pound; whole deer. 9 cents per pound; wild turkeys 0 cents per pound.

Live stock sells as follows: Veals. \$8 to \$11 per head; ambs, 3½ to 4½ cents; partridges. 12 to 35 cents; cents; hogs, 5½ to 6 cents.

Good apoles are in active demand. The fancy article sells in straight 16ts at \$3 per barrel; in smaller quantities, \$3 to \$3.50 is the usual price. Ordinary apples are selling from 5- up.

Onlons are worth \$3 to \$3.50 per barrel. Fancy cabbages are worth \$1.75 per barrel. Fancy cabbages are worth \$1.75 per barrel. Fancy cabbages are worth \$1.75 per barrel. Chickens bring from \$ to 10 cents per pound.
